## Size of the Ocean

e) 72% f) 5) Approximately what f	football fi s town USA the moon et ball has were 1 mr w the deptl all ketball nder the he	bumps asm deep, he of the co	nd groo now big ocean an (73 n (243 n (3 m l	oves that at to would the ond the diameter mm diameter mm diameter mm diameter mm diameter to be a successive to the control of the control o	earth be eter of t	e? You can	
a) the length of a b) halfway across c) the size of the d) as far away as  3) The surface of a baske 1 mm deep. If the ocean calculate this if you know a) size of a baseb b) size of the bask c) could just fit up d) as big as the st  4) Approximately how many alignment alignme	football fi s town USA the moon et ball has were 1 mr w the deptl all ketball nder the he	bumps asm deep, he of the co	nd groo now big ocean an (73 n (243 n (3 m l	oves that at to would the ond the diameter or diameter or diameter high)	earth be eter of t	e? You can	
c) the size of the d) as far away as  3) The surface of a baske 1 mm deep. If the ocean calculate this if you know a) size of a baseb b) size of the bash c) could just fit und) as big as the st  4) Approximately how man a) 4% b) e) 72% f)  5) Approximately what f	USA the moon et ball has were 1 mr w the depth all ketball nder the he adium	bumps asm deep, he of the o	(73 n (243 u (3 m l	would the ond the diament diameter mm diameter high)	earth be eter of t	e? You can	
d) as far away as  3) The surface of a baske  1 mm deep. If the ocean calculate this if you know  a) size of a baseb b) size of the bash c) could just fit up d) as big as the st  4) Approximately how m a) 4% b) e) 72% f)  5) Approximately what f	et ball has were 1 mr w the depti all ketball nder the he adium	bumps asm deep, he of the o	(73 n (243 u (3 m l	would the ond the diament diameter mm diameter high)	earth be eter of t	e? You can	
3) The surface of a basked 1 mm deep. If the ocean calculate this if you know a) size of a baseb b) size of the bask c) could just fit up d) as big as the st 4) Approximately how man a) 4% b) e) 72% f)  5) Approximately what f	et ball has were 1 mr w the deptl all ketball nder the he adium	bumps asm deep, he of the o	(73 n (243 u (3 m l	would the ond the diament diameter mm diameter high)	earth be eter of t	e? You can	
a) size of a baseb b) size of the bash c) could just fit und) as big as the st 4) Approximately how man a) 4% b) e) 72% f) 5) Approximately what f	were 1 mr w the deptl all ketball nder the he adium	m deep, he of the o	(73 n (243 u (3 m l	would the ond the diament diameter mm diameter high)	earth be eter of t	e? You can	
a) size of a baseb b) size of the bash c) could just fit und) as big as the st 4) Approximately how man a) 4% b) e) 72% f) 5) Approximately what f	w the deptl all ketball nder the he adium	oop	( 73 n ( 243 i ( 3 m l	nd the diament nm diamete mm diamete high)	eter of tr		
a) size of a baseb b) size of the bash c) could just fit us d) as big as the st 4) Approximately how m a) 4% b) e) 72% f) 5) Approximately what f	all ketball nder the ho adium	oop	( 73 m (243 m)	nm diamete mm diamete high)	r)	the earth.	
b) size of the bash c) could just fit us d) as big as the st  4) Approximately how m a) 4% b) e) 72% f)  5) Approximately what f	ketball nder the he adium	•	(243 ı (3 m l	mm diamete high)			
c) could just fit up d) as big as the st  4) Approximately how m a) 4% b) e) 72% f)  5) Approximately what f	nder the he adium	•	(243 ı (3 m l	mm diamete high)			
d) as big as the st  4) Approximately how m a) 4% b) e) 72% f)  5) Approximately what f	adium	•	•	•			
4) Approximately how m a) 4% b) e) 72% f) 5) Approximately what f		a Farth ic	(250 1	m across)			
a) 4% b) e) 72% f) 5) Approximately what f	nuch of the	a Farth ic					
a) 4% b) e) 72% f) 5) Approximately what f	iucii oi uic		covere	ed with ocea	m?		
e) 72% f) 5) Approximately what f	34%		% COVER		u1 :		
5) Approximately what f					9 %		
						rean?	
0) 10/	raction of	the total	water	on cartii is n	ii tiic oc	can:	
a) 4% b)							
e) 72% f)	89%	g) 97%	%	h) 99.999	9 %		
6) Approximately how m	nuch of the	e Earth's	water is	s fresh and u	unfroze	en (that is, ne	eith
ocean nor ice)?							
·	40-50%	c) 20-	30%				
d) 10-20% e)	3%	f) 1%					
7a) When your toilet flus	shes, the w	vater swii	rls arou	nd. Would i	it swirl	in the oppos	site
direction in Australia?	,					11	
7h) Why or why not?							
7b) Why or why not?
